There is a sense of history in these mountains and in the region that may be more difficult to find in other parts of China. It was not until 1992 that Shangri-La was opened to foreigners and tourism and the remote areas. And so, the spirit of exploration and adventure that you can gather within yourself is entirely unique to this place.

Gang Jan Ba Tibetan Culture Theater 岗坚巴士蕃盛堂 offers a unique employment opportunity to performers from many regions of Tibetan areas. Artists hone their craft with performances every night and learn about the entertainment business as well. Many of the dancers and singers have gone on to open theaters in their hometown; creating jobs and similar training opportunities.
